Last summer, my twin 6-year-old sons were the lucky recipients of **Camp Iroquois Project '33 scholarships**. I was a bit apprehensive about sending the boys to summer camp, but my fears disappeared after I saw what a structured and safe environment Camp Iroquois offered. I can not say enough about the counselors - not only their professionalism but their ability to make the children feel safe and welcome.

The twins were always engaged in activities they otherwise would not have had the opportunity to experience, including horseback riding, archery, boating, special days and more. The boys always talk about how much fun they had at camp. This was one of the best experiences of their lives!

The twins look forward to coming back to camp this summer, again, being recipients of Camp Iroquois Project '33 scholarships. This means another summer of the boys not wanting to leave camp at the end of the day!

We are so thankful to every Project '33 donor.
